

Viceminister Bellanova visits the Ports of Genoa / Vado Ligure

21 May 2021

This morning the Italian Vice Minister for Infrastructure and Sustainable Mobility, Teresa Bellanova, began in Vado Ligure her first official visit to the Ports of Genoa, where she met on-site, at the Forship Terminal, with the President of the Port Authority, Paolo Emilio Signorini, and the local authorities and leading representatives of the shipping community.

The newly appointed Secretary-General, Piano Piacenza, illustrated the range of infrastructure works underway in the Ports of Savona and Vado Ligure.

In the afternoon the visit proceeded towards the [Port of Genoa](#) and the headquarters of the Port Authority in the historic building of Palazzo San Giorgio.
